Soft Skills	Critical Thinking, Problem Solving, Decision Making, Adaptability, Diligence
Languages	English, Hindi, Urdu, German

EXPERIENCE

Data Analyst & CFO Support Intern

Sep 2024 - Feb 2025 ; Mar 2026 - Aug 2026

Mercedes-Benz Parts Logistics Asia Pacific

Kuala Lumpur, Malaysia

- Conducted data extraction, transformation, validation, and analysis on large financial and operational datasets, uncovering trends, risks, and opportunities to improve reporting accuracy and business performance.
- Developed and automated interactive Power BI dashboards and management reports for revenue analysis, budget tracking, investment monitoring, and KPI reporting, enhancing visibility for stakeholders and leadership.
- Supported financial planning and controlling activities through budget monitoring, variance analysis, forecasting, and monthly closing processes, contributing to accurate performance evaluation and decision-making.
- Analyzed key business metrics across sales, pricing, expenses, inventory, and departmental operations, providing actionable insights for operational improvements.
- Partnered with the CFO, Finance, Sales, and Operations teams to prepare executive presentations, ad-hoc analyses, and business reviews, streamlining reporting processes and enabling data-driven management decisions.

PROJECTS

Social Media Slang Classification Model. Developed an NLP-based machine learning system to analyze the evolution of digital linguistics across Reddit comments (2014–2024), achieving 90.47% accuracy through an optimized ensemble model and deploying an interactive dashboard for linguistic trend visualization.
